Assignments:

- 1) Study the Creation Confession by Dr Greg L Bahnse and discuss the importance of subscribing to a literal 6 day creation and the impact it has on one's view on the rest of Scripture (500 words).
- 2) Listen to the following presentations: *Origins* (Dr. Angela Stott), *How Do We Know?* (Dr. Angela Stott), *Data as Evidence – 2 parts* (Dr. Angela Stott). Discuss the importance of identifying your presuppositions, the scientific validity of the Biblical account of life, and the importance of Scripture-centered education (800 words).
- 3) Listen to or view the following presentations: *In the Beginning* (Dr Philip Stott) *What went Wrong with Science?* (Dr. Philip Stott) *The Rise and Fall of Millions of Years* (Dr. Philip Stott) *The Rise and Fall of Evolution* (Dr. Philip Stott). Evaluate scientific trends from the Greek views of the universe until modern day views in secular science (800 words).
- 4) Write a message to present at the humanistic society of a secular university. Your audience will be unbelievers who disregard the Bible as authoritative and inspired. Your task is to present convincing scientific evidences for the Biblical perspective on the universe. Write an outline for this message and include a clear Gospel presentation at the end (1000+ words).
- 5) Prepare a message for a church, midweek Bible study or home cell group on the importance of literal 6 Day Creation and a young earth (700 words).
